

Broker-dealer Company
JSC Tesla Capital Belgrade

TARIFF RULEBOOK

Pursuant to Article 155, Paragraph 1 of the Law on the Capital Market (*"The Official Gazette of the Republic of Serbia" No. 129/2021*) on November 15th, 2023 the Director of the company have brought the following

TARIFF RULEBOOK
Broker-dealer Company
JSC Tesla Capital Belgrade

I GENERAL PROVISIONS

Article 1.

This Tariff Rulebook shall regulate the amounts/percentages for brokerage commission and other fees that the Broker-dealer Company, JSC Tesla Capital Belgrade (Hereinafter: The Company), shall charge for its services in trade and financial instrument trade and in conducting its activities.

Article 2.

In each individual case, the broker and the client may, in agreement, determine the commission and fee up to the maximum amount stated herein.

Article 3.

The tariff for broker's commissions and other fees charged by the Company are determined in the following manner:

1. commission for brokerage activities;
2. commissions and fees for portfolio management activities;
3. fees for borrowing securities activities;
4. safekeeping and administration of financial instruments and funds for the account of the client, including safekeeping instruments and related services ;
5. Fees for services in connection with the offer and sale of financial instruments without a firm commitment basis; fee for issuing agent activities;
6. fee for performing the duties of a member of the Central Securities Depository and Clearing House;
7. fee related to advising companies on capital structure, business strategy, mergers, purchasing companies and similar issues;
8. fees and commissions for other activities related to a company's activity.

Article 4.

The following are not included in provisions and other fees of the Company: value-added tax, commissions and other costs of the Belgrade Stock Exchange, foreign intermediary, Securities Commission, Shareholders Fund, as well as commissions and other fees from the Central Securities Depository and Clearing House, payment transactions of domestic and foreign banks, as well as other state institutions, organization or agencies, on the basis for performing company activities.

II BROKERAGE COMMISSIONS

Article 5.

Broker commissions will be charged based on various criteria for different financial instruments, such as portfolio value, number of executed transactions in a calendar year, transaction value, nominal value of the underlying asset, as well as the number of executed transactions in a month. In accordance with the Capital Market Law ("Official Gazette of the Republic of Serbia," No. 129/2021), the Company classifies clients into retail investors and professional investors.

COMMISSION FOR TRADE IN EQUITY SECURITIES

Article 6.

Trading stocks on the Belgrade Stock Exchange

The commissions listed in this tariff are based on the calculation of the portfolio value as the daily weighted average throughout the calendar year, converted to the equivalent in Serbian Dinars, using the National Bank of Serbia's official exchange rate for each day. The daily weighted average is calculated by considering the total value of your portfolio on each trading day throughout the entire calendar year. This calculation method is used to ensure an accurate representation of the client's portfolio value during the calendar year. For trading in stocks/financial instruments on the Belgrade Stock Exchange, the same brokerage commissions will be applied to both retail and professional investors:

Category	Category Description	Brokerage Commission	Money Account Administration Fee
1	Portfolio value > EUR 100.000 or more than 15 transactions in the previous calendar year (minimum paid commission in the previous calendar year EUR 150)	0,30%	0,15%
2	Portfolio value EUR 50.000 - 100.000 or more than 12 transactions in the previous calendar year (minimum paid commission in the previous calendar year EUR 100)	0,50%	0,20%
3	Portfolio value EUR 30.000 - 50.000 or more than 6 transactions in the previous calendar year (minimum paid commission in the previous calendar year EUR 80)	0,80%	0,25%
4	Portfolio value EUR 10.000 - 30.000 or more than 6 transactions in the previous calendar year (minimum paid commission in the previous calendar year EUR 50)	1%	0,30%
5	Portfolio value < 10.000 EUR no transactions in the last calendar year	3%	0,30%

When it comes to new clients, the portfolio value will be determined based on the amount of money they deposit into their trading account. According to the information provided, a new client will be classified into one of the aforementioned categories and will belong to that category until the end of the calendar year, regardless of the month in which the client enters into an agreement with the Company and deposits money into their trading account. The portfolio value will be calculated in Serbian Dinars at the National Bank of Serbia's official exchange rate on the day of the deposit.

For carrying out the representation of the Share Fund of the Republic of Serbia in the sale of stocks/financial instruments, the Company charges a commission in accordance with the general regulations that pertain to the Share Fund.

Trading on the international markets

The commissions listed in this tariff are based on the calculation of the portfolio value as the daily weighted average throughout the calendar year. The daily weighted average is calculated by taking into account the total value of the client's portfolio on each trading day throughout the entire calendar year. This calculation method is used to ensure an accurate representation of the client's portfolio value during the calendar year.

When it comes to new clients, the portfolio value will be determined based on the amount of money the client deposits into their trading account. Based on the information provided, a new client will be categorized into one of the aforementioned categories and will belong to that category until the end of the calendar year, regardless of the month in which the client enters into an agreement with the Company.

At the end of the calendar year (the last working day of the year), the weighted average value of the portfolio for the given calendar year will be calculated, and based on that, the client will be classified into one of the categories to which they will belong in the next calendar year. If there is a change in the category, the new commissions will be applied from the first working day of the New Year.

COMMISSION FOR DEBT SECURITIES TRADING

Article 7.

Trade in securities of The Republic of Serbia, the National Bank of Serbia and companies:

- For purchasing bonds in the primary issuance, with the issuer being the Republic of Serbia, a fee of 3,000 Serbian Dinars will be charged per submitted order.
- For secondary market trading of debt securities (bonds, notes, etc.) issued by the Republic of Serbia, municipalities, local governments, the National Bank of Serbia, and commercial companies, the Company charges a commission as a percentage of the transaction value in the following manner:

Category	Nominal value	Commission
1	> EUR 500.000	0,20%
2	> EUR 100.000 - EUR 500.000	0,50%
3	> EUR 50.000 - EUR 100.000	1,00%
4	< EUR 50.000	2,50%

The commission amount will be determined based on the nominal value of the bonds being traded for each individual transaction, in accordance with the above-mentioned categories. The nominal value will be calculated in Serbian Dinars at the National Bank of Serbia's official exchange rate on the day the order is placed.

For trading in international bonds, the Company charges a commission as a percentage of the transaction value in the following manner:

Switzerland	0,35% of trade value	0,30% of trade value	0,25% of trade value	EUR 30

** Currency conversion: Any cash, realized profit and losses, adjustments, fees and charges that are denominated in a currency other than the base currency of your account, will be converted to the base currency of your account and a currency conversion fee will be charged to your account. We use the middle exchange rate of the National Bank of Serbia for these operations.*

** Daily ongoing cost: Daily financing fee will be applied to the account for each day of holding an open position (including weekend days). The financing rates are set at a benchmark regional interest rate of +/- 3.5%.*

** Please note that third-party vendor fees might be charged, and we are not liable for such fees, as stated in this official tariff document.*

The category is determined based on the number of traded CFD contracts during a given month. Tariff categories are applied based on the monthly cumulative trading volume, which is summed for all CFDs, regardless of the exchange on which they are traded. At the end of each month, the number of traded contracts will be totaled, and the commission for that month will be calculated based on that total.

III COMMISSION FOR PORTFOLIO MANAGEMENT ACTIVITIES

Article 9.

For activities related to managing securities (portfolio management activities), the Company charges fees according to a separate agreement reached with the client. The maximum amount of that commission and fee for portfolio management activities amounts to:

- Yearly management fee of up to 2% of the portfolio value;
- Fee from realized annual profit shall be defined by a contract;
- fee for termination of a management contract shall be defined by a contract;

The fee amount will be determined depending on the portfolio structure.
